PROFESSIONAL HYDRAULIC LIFTING EQUIPMENT

E-BEAM

ELJ2 | ELJ3 – Electric
HLJ2 | HLJ3 – Manual

LOAD RATING OPTIONS:	AVAILABLE IN:
ELJ2 / HLJ2 - 2 tonne capacity	Electric
ELJ3 / HLJ3 - 3 tonne capacity	Manual

Majorlift are proud to introduce E-BEAM
A revolutionary battery-powered low profile jacking beam

ELJ3: Electric Jacking Beam
Comes complete with 40mm Rubber Raiser Blocks, Rubber Topped Screw Pads and 70mm Aluminium Extension

E-BEAM

Battery-Powered Innovation

E-BEAM is a revolutionary, market leading product exclusively designed and engineered by Majorlift.

- Electric battery-powered
- Low profile height 174mm
- Wide top beam 1875mm

E-BEAM is a battery-powered jacking beam

- 48V Rechargeable battery
- Removable battery
- 2 tonne and 3 tonne available
- Extra wide top beam 1875mm
- Low profile height 174mm

E-BEAM Product Specification

ELJ2 | ELJ3

- Industry leading top beam that extends to an astonishing 1875mm to centre of pads, while still retracting to a mere 738mm
- Specially low jacking position to cater for low floored vehicles such as sports cars
- 48V rechargeable battery. Capacity 10.4Ah
- A full 260mm of lift to cater for all vehicles with larger suspension travel
- Approved for MOT testing, class 4 and 7
- Safety features include hose burst valve, pressure release valve which prevents overloading, and finger guards which comply with European machinery directive and CE marking
- New electric motor built into every E-Beam. Significantly improves performance and reduces noise as well as further improving operational reliability
- Three position mechanical lock engages automatically creating a safe working platform when carrying out extensive wheel overhauls
- Built in emergency stop for safety
- Built in electrical safety management system

Low profile height

This product has an ultra low height to cater for low floored vehicles such as electric vehicles and sports cars.

ELJ3: Electric Jacking Beam Low Profile Height: 174mm

ELJ3: Electric Jacking Beam New Wide Top Beam: 1875mm / Lifting Height: 260mm

5 YEAR WARRANTY

We offer a 5 year warranty on most new Majorlift products.

MADE IN THE UK BY MAJORLIFT

All Majorlift products are designed and engineered right here in the UK.

MANUFACTURED BY MAJORLIFT

Our products are designed and engineered to the highest quality.

SERVICED AND SUPPORTED

All Majorlift products are serviced and supported by Majorlift. We provide a comprehensive range of approved Majorlift Spare Parts.

E-BEAM

Electric Battery Charger included

Battery is easy to remove for recharging

Electric Battery

E-BEAM is a jacking beam that comes with a rechargeable electric battery.

- 48V / 10.4Ah Rechargeable battery
- Removable battery
- Battery lasts up to a week in a workshop on one full charge
- Hydraulic lowering is operated manually, meaning car can be lowered without any charge in battery

Ram and Scissors

At the heart of the 2 and 3 tonne Majorlift E-BEAM is a full 260mm (10.24") lift with proven hydraulics. Gutsy, robust and very reliable.

Safety Features

- Emergency stop button
- Electrical safety management system
- Hose burst valve
- Pressure release valve prevents overloading
- Three position mechanical lock
